## MANY MADE HOMELESS.

Mississippi Floods Drive the People to the Bluffs.

NO LOSS OF LIFE YET REPORTED.

A Torrent Sweeping Through the Broken Levees Ruins Millions of People Homeless.

QUINCY, Ill., May 15.—The flood situation, appalling as it was Monday, is even worse, and now almost certain that the Indian Grove district will be abandoned for years to come. The cross levee which protected the northern half of the district gave way Monday night, 300 feet of the bank giving out. This cross levee has since been doubled. People living in the doomed region were at once warned of their danger and immediately commenced a hurried, disorderly retreat for the bluffs, making long a mass of men, women and children, with wagons and farm stock, poured along the roads leading to the higher ground to the east and by daylight this morning the entire region was covered with water. A pouring rain yesterday added to the misery of the homeless and unfortunate driven out by the floods.

Measures will be taken to afford them needed temporary relief. The cross levee of the lower half of that district—flooded by the lower half of the upper half—leaving a narrow strip of land in the center, is threatening to be abandoned every thing in their flight. Another levee is threatened between the city and Hannibal, and if the levee breaks then the whole region will be submerged. No loss of life has yet been reported, but hundreds of head of stock have been drowned. The loss to the two districts will not be far from \$500,000.

In this city the situation is practically unchanged, except that the water has made greater encroachments and has covered a few more miles of railroad yesterday and a river five feet higher yesterday and at 6 o'clock last night stood eighteen feet six inches.

ST. LOUIS, Mo., May 15.—The break in the St. Louis levee, increasing, and 100,000 acres of low land are now being protected from the bottom of an immense lake. Owners and tenants are hurrying to the uplands for personal safety, only having time to take their animals, household goods and live stock and leaving most of their property to the floods. Hundreds of families are camped in the open fields out of reach of the water, having nowhere to go. A cold rain has fallen, and their desolation more dreary and complete.

ST. LOUIS, Mo., May 15.—The Mississippi is very high here, but not up to the danger line. The island in the river, St. Louis, is now a small island. Reports from Louisiana, Mo., say the St. Louis levee is steadily enlarging and torrents of water are rushing through and submerging the entire valley. Already many homes have been ruined. The break occurred at about the center of the levee, so that the upper portion will be comparatively unharmed, but the lower half is practically a total loss. Out of about 10,000 acres of low land, about 5,000 acres are entirely destroyed. Farmers succeeded in driving most of their cattle to the bluffs. The Chicago & Alton railroad tracks are threatened and the levee at Keokuk is under water for a long distance.

AT FALLON, Mo., the water is still rising and has destroyed a large acreage of wheat and corn. Should the local rain which is here at once continue until midnight the Quivver river will pour into the Mississippi a volume of water that will inundate the entire Mississippi bottom from Monroe to St. Peters.

MISSOURI, Mo., May 15.—The water reached seventeen feet five inches above low-water-mark at noon yesterday, one inch higher than ever before recorded here. An east wind is blowing and the low protecting Muscatine island is in imminent danger.

Big Manufacturing Burned. Chicago, May 15.—The immense candle and glycerine manufacturing of the Dearborn Manufacturing company was completely destroyed by fire yesterday afternoon. The loss will amount to \$150,000. The works are situated on the south branch of the river. Six thousand boxes of candles, 25,000 pounds of manufactured glycerine, and an equal quantity of unrefined glycerine was destroyed, together with about 4,000 barrels of oil.

To Absorb the Africans. New York, May 15.—In the Methodist Conference Delegate Ford offered a resolution providing for the extending of the inquiry as to an organic union of the Methodist Episcopal Church South and further, and include the African Methodist Episcopal church and all boundaries of Methodist in this country. Referred to the Committee on the State of the Church.

Safe Blowers in Michigan. GRAND RAPIDS, Mich., May 15.—Somerset & Johnson's great mill office at Jackson, Mich., was burned by fire yesterday morning. The loss will amount to \$100,000. The mill is situated on the south branch of the river. Six thousand boxes of candles, 25,000 pounds of manufactured glycerine, and an equal quantity of unrefined glycerine was destroyed, together with about 4,000 barrels of oil.

Indiana Crops Suffering. INDIANAPOLIS, Ind., May 15.—Disagreeable reports regarding the crops in Indiana are being received from all parts of the state. In many counties hay and oats have suffered severely from the drought, while in the southern half of the State corn fields are being devastated by the cutworm.

Heavy Frost at Atlanta. ATLANTA, Ga., May 15.—The Austrial building was destroyed by fire yesterday morning, causing a damage of \$15,000 on the building and \$80,000 on the contents.

Heavy Frost in Illinois. TUCUMAC, Ill., May 15.—Another heavy frost visited this section Monday night, ice forming in many places. Growing corn and fruit of all kinds suffered greatly.

New Saint Ste. Marie Canal. OTTAWA, Ont., May 15.—The House of Commons last night voted \$1,000,000 for a new canal at St. Marie.

## AGONY FOR ANSON.

The Boston Base-Ball Club, with Clarkson and Kelly in the box, wipe the earth with the Chicago—An Ovation to the \$20,000 Battery—Result of Other Games on Tuesday.

The Boston Base-Ball Club arrived in Chicago Tuesday morning. A great reception awaited Clarkson and Kelly, the famous battery and ex-members of the Chicago team. A steady stream of friends of the two ball-players called on them at the Levee Hotel, and at 2 o'clock a procession headed by the Second Regiment band and composed of the Chicago and Boston nines in carriages drove through the streets in a driving rain to the ball grounds, where an audience of 3,500 had assembled. The appearance of the players was the signal for a tremendous cheer, which grew in volume as they came. Clarkson, alighted from the carriage, stepped to the home plate and doffed their caps. When play was called it was raining hard, but it was decided by the managers of the two clubs that the game should be played notwithstanding. Clarkson and Kelly for the Boston, and Van Halton and Darling for the Chicago, were the batteries. The game proved a Waterloo for the Chicago. Only six runs were scored, and the Boston nines won by a score of 10 to 6.

## IN THE SENATE.

Senator Turpie's Seat Secured—The Pension Appropriation Bill Amended—Other Proceedings.

WASHINGTON, May 15.—The report of the Committee on Privileges and Elections on the Turpie case was adopted by the Senate yesterday. Senator Chandler (N. H.) dissenting from the statement that the Turpie had no right to discuss the legality of the election of members of the State Legislatures. The bill for the admission of Washington Territory was made a special order for Thursday next, and the bill for the admission of North Dakota and Montana special order for the same day. The House bill limiting the hours of letter carriers was passed. It makes the Eight-Hour law apply to letter carriers, giving them extra pay for overtime. The Pension Appropriation bill was then considered, an amendment increasing the amount from \$70,000,000 to \$85,000,000 being agreed to. An amendment proposing that all pensions granted to widows in consequence of death occurring from a cause originating in the service since March 4, 1861, shall commence from the death of the husband. It was contended that this was general legislation in an appropriation bill, but the Senate—23 to 13—decided the amendment in order. The Democrats, joined by Edmunds and Ingalls, voted in the negative. The bill went over until to-day, leaving the amendment undebated. The House bill to establish a department of labor was then taken up, advocated by Senator Blair (N. H.) and opposed by Senators Cockrell (Mo.) and Ransom (Tex.). The last named spoke of people "standing on their heads till they almost died of apoplexy" whenever any thing affecting labor was mentioned. The bill went over without action, and the Senate proceeded to executive business, and at 5:25 adjourned.
